We're not big on New Year's resolutions, but you know what? January is a darn good time to bone up on your techniques, from braising to pan roasting. For the next two weeks, we'll be showing you how.

HOW TO COOK RIGHT NOW

A comprehensive, up-to-the-minute guide to the recipes, tools, and techniques that define the way we eat in 2013

Lesson 1: Tools

Our kitchen equipment philosophy is pretty simple: Less is more. But as the world's best chefs attest, there are a few clever gadgets that deserve a spot in the modern cook's toolbox
